

Scarabeo – Preview Salone del Bagno 2016

CUBE – EMO DESIGN

Suitable for public venues and the increasingly compact spaces of private homes, where it becomes crucial to have smaller sanitary fittings for enhancing freedom of movement: CUBE, the mini washbasin by Scarabeo designed by Emo Design, reflects the brand's identity while offering innovative shapes and functions – in line with the company's fruitful collaboration with the design studio begun a few years ago. The CUBE mini washbasin appears like a suspended ceramic cube. The washbasin reveals a distinct aesthetic dimension without renouncing functionality, regardless of its compact dimensions: hand washing is facilitated by the rather large depth of the bowl.

Rigorously made in Italy, CUBE is made of ceramic and is available in three different sizes: 24 x 24 x 24 H cm – 42 x 24 x 24 H cm – 35 x 24 x 11 H cm

MOON – DESIGN MASSIMILIANO

The time has come for MOON, the large-size washbasin with a slim core. The wide bowl offers an appealing and unusual contrast to the light edges, which are only a few millimetres thick. Its elegant, sober design reflects the merging of beauty and practicality. Suitable for any type of home environment, its dimensional characteristics make it a highly practical item that be installed even in homes having a single bathroom. Rigorously made in Italy, MOON is made of ceramic and it is proposed in ten different configurations of washbasin complete with sanitaryware.

Size: 72 x 42 x H 93 cm
